INTEGRATED PEDESTRIAN DOOR

MODERN AND ELEGANT

At **GL PASSDOOR®**, we pride ourselves on being at the forefront of modern and elegant design trends. Our pass doors integrate a pedestrian entry into your garage door, making access easier and more convenient than ever before.

Choose from a wide selection of pedestrian garage doors to find the perfect fit for your needs. Our doors are not only affordable and convenient, but they also come in a variety of materials such as steel and aluminum, allowing you to achieve the modern and elegant look you desire.

In addition to their sleek appearance, our pass doors also feature an isolating system and insulated tape for optimal energy savings. And with our team of reliable and professional experts handling both the manufacturing and optional installation process, you can trust that you are receiving the highest quality product and service.

INDUSTRY LEADERSHIP

As industry leaders, **GL PASSDOOR®** provides pass doors with an innovative security system that exceeds expectations. While other manufacturers may only install a locking system in two or even just one of the four panels of a pedestrian garage door, we ensure that all four panels are securely held together. Trust in our reliable and safe system to protect your garage and its contents.

SECURITY

When it comes to security, we take it seriously at **GL PASSDOOR®**. With our INTERLOCK system, you can rest assured that your garage door cannot be opened if your pedestrian door is already open, adding an extra layer of protection to your home or business. And if you use a garage door opener, our team can install this additional security feature for your peace of mind. Trust in our commitment to keeping your property secure.

DISABILITIES ACCESS

GL PASSDOOR® is committed to making our pass doors accessible and inclusive for everyone. That's why we offer a unique no bottom seal option that allows for direct access with a wheelchair. This feature eliminates the need to navigate over a threshold or bump, making our pass doors more user-friendly for those with mobility challenges or disabilities.

BECOME A DISTRIBUTOR NOW

When you become a distributor of **GL PASSDOOR®**, you gain access to a trusted and reliable manufacturing partner for your pedestrian garage doors. As your Premier supplier, we offer a range of benefits to support your business, including our web design center, marketing ideas, wholesale price list, and the guarantee of fast delivery or pickup in Brampton for your urgent orders.
